Good Morning, welcome this Newschannel 34 Daybreak Update.

I'm Colleen McCoy. Today is Thursday July 31st.

Newman Development group has partnered up with the United Group of Companies of Troy to build a sprawling new apartment complex large enough to house 800 students. Campus Suites of Binghamton features 4 bedroom two bath and two bedroom one bath apartments that come fully furnished and include heat, hot water, air conditioning, cable, and internet in the rent, which has not been set yet. The Vice President of the United Group says these days students are looking for city living, and Riverside Drive and Washington street offers the perfect urban location. The complex is scheduled to open in Fall 2010.

Earthlink, Net Zero and a few other internet providers have agreed to stop the flow of child pornography. They join A-T-and T, Sprint, Verizon, and A-O-L.

Yesterday New York State Attorney General Andrew Cuomo highlighted those success in Binghamton. And, warned those that aren't cooperating that they need to. Cuomo says, "A lot of the large national companies have signed on, but a lot are just regional and we will not stop or rest until all the companies that do business in New York have signed onto the code. For instance, Frontier Citizens which is a big company here has not signed onto the code." Cuomo says some companies are reluctant to sign on because it could hurt their revenues.

The Fire Marshall is now investigating what caused Tuesday's huge fire at Southern Tier Recyclers, also known as Taylor Garbage service, in Tioga County. The fire burned 4 buildings yesterday filled with plastic and cardboard. Owego Fire says they had 2 haz mat teams test for toxic fumes in the area and everything checked out out normal. But the Department of Environmental Conservation sent a team yesterday to re-check the air and water quality. Those tests will be available later today.
