**TW Telecom** will use the NYSERDA **Saratoga Technology + Energy Park** in Malta, N.Y. as a telephone switching center.

The company will fill about 13,000 square feet in the United STEP 1 building in August to provide back-up communications services to its customers, said Bob Meldrum, a company spokesman.

Based in Littleton, Colo., TW Telecom provides telecommunication services to businesses and

organizations in 30 states.

It has an office on Airline Drive in Colonie where about 25 people work. The office location will not change, Meldrum said

The company, formerly known as Time Warner Telecom, provides voice, Internet and data services on a 500-mile network of fiber-optic cables in the area.

TW Telecom will join other tenants in the building at 107 Hermes Road, including **GlobalFoundries**, **Lockheed Martin** and **C9 Corp.**

GlobalFoundries plans to build a \$4.2 billion computer chip fab in the **Luther Forest Technology Campus**.

The Saratoga Technology + Energy Park is located next to the property where the chip fab will be built.

The 105,000-square-foot flex-space building is owned by **United Group** of Cos. in Troy.

"We are extremely pleased to welcome another industry leading technology based company of TW Telecom's status to the new United STEP 1 facility," said Michael Uccellini, president of United Group.
